

What is the Perimeter Connects Transit Pass Program?

This program gives employees access to unlimited monthly MARTA passes at a 20% discount, reducing the cost from \$95 to **\$76 per month**.

The program is administered through **Perimeter Connects**, a Transportation Management Association (TMA) that serves businesses in the Perimeter area. As a TMA, Perimeter Connects works to improve quality of life in the region through transportation, sustainability, and community initiatives. Because your company is in Perimeter, you automatically receive the maximum discount available.

Your company must fall within the TMA's geographic region to be eligible, which is pictured below:

Eligibility

You must meet the following requirements to be eligible:

- Employed in the Perimeter Connects territory
- Employed at a company registered for the Transit Pass Program through the Perimeter Connects TMA

How to Enroll

1. Reach out to HR to connect with your company's Transit Pass Program Administrator.
2. Discuss with the program administrator on how your participation will be paid for (pretax deduction, taken out of paycheck post tax, company paid, etc.).
3. Choose which month you plan to enroll – keep in mind the current month you decide is for enrollment in the next month (**e.g. June 1st – 10th you are deciding on enrollment for July**).
4. Discuss with your program administrator how they prefer to be notified of your participation, whether that is only if you are discontinuing or monthly confirmation of participation. Clarify this preference upfront, so you know when and how to communicate with them moving forward.
5. The program administrator will assign a card to you and notify Perimeter Connects to get you enrolled.
6. Perimeter Connects will enroll you, and your card will be ready for use on the 1st of the next month.

Timeline

1 st – 10 th of Current Month	10 th – 15 th of Current Month	15 th – 20 th of Current Month
Employee: Decide on your enrollment for the next month and notify your program administrator as previously agreed upon.	Program Administrator: Collect employee decisions and send updates to Perimeter Connects.	Perimeter Connects: Fulfill updates in MARTA portal and send company receipt of updates.

Employee Role & Responsibility

You play a pivotal role in the timing of the monthly process; therefore, it is important for you to follow the timeline listed above and provide your program administrator updates in the first ten days of the current month for your participation in the next month.

Perimeter Connects understands that things can happen, and life gets busy, and they will try to accommodate last-minute changes, but you must let your program administrator know as soon as possible.

Product Information

- Cards are lifetime and do not have an expiration date
- Cards **MUST** be used within 30 days of activation for the benefit to work
- Each card has balance protection through Perimeter Connects for the monthly benefit, so if a card is lost, we can transfer the benefits to a new card
- It is not recommended that employees put cash value on their Transit Pass Program Breeze Card, because that value is not protected and cannot be transferred if the card is lost
- Unlimited Monthly MARTA passes are only eligible on MARTA trains and buses. Benefits cannot be used on CobbLinc or Xpress

Troubleshooting

Lost Card? If you lose your card, you must **immediately** let your program administrator know so the lost card can be deactivated, and a new card can be issued.

Card Not Working? If your card stops working, MARTA needs to refresh the benefit, and this is normally a simple, quick process. Most support requests are handled within a day, so your program administrator should be notified **immediately** so that Perimeter Connects can contact MARTA to resolve the issue.
